

The QCD of America Dental & Vision Benefit Program is a managed cost program offering a large selection of highly qualified private practice dental and optical professionals.

The QCD Philosophy

QCD believes that you should pay the lowest monthly cost possible for comprehensive dental and vision benefit coverage for your family. The member benefits from significant cost savings when and if services are used.

Do not pay high premiums for dental benefits – pay for your services when and if used. It just makes good financial sense!

Monthly Cost

| | Monthly |
|-------------------|----------------|
| Employee Only | No Charge |
| Employee + Spouse | \$10.00 |
| Employee + Family | \$14.00 |

Why Select QCD?

When selecting dental benefits, QCD makes good financial sense. QCD allows you to allocate more of your benefit expenditures to your rising medical costs.

A single dental procedure (Root Canal and Crown) could cost you as much as \$2000 with no coverage. The QCD program will allow you to save **up to 60%** on the total cost – that could be as much as **\$1200 in savings** and enough to fund your family's monthly dental and vision benefit costs for several years.

Clear Vision Discount Program Highlights

Vision Plan: Clear Vision Discount Plan **Control Code:** 2959

Co-payment: N/A, discount plan is 100% member paid at the time of service

Eye Examination – Members will receive a 15% discount on their comprehensive eye examination including dilation (when professionally indicated).

Eyewear (Frames and Spectacle Lenses or Contact Lenses) – Members will be entitled to substantial and verifiable savings on all of their eyewear needs. Discounts are uniform nationally and represent pricing well below Average Retail Prices. These discounts are based on published industry standard costs, not markdowns from artificially inflated prices.

Significant Savings – Client surveys indicate that programs providing discounts off retail prices of eyeglasses are subject to abuse due to the high associated markups of over 300% throughout the optical industry. Consequently, these programs do not result in a true “value-add” for the beneficiary. The proposed fixed-fee discounted pricing schedule provides both verifiable savings and benefit uniformity for all members from coast to coast.

Additional Value-Added Features – The Clear Vision Discount Program also offers significant discounts on replacement contact lenses and laser vision correction at no additional cost.

- Lens 123® is a mail order program that allows you to enjoy the guaranteed lowest prices on replacement contact lenses—save up to 60% off retail prices. Members can conveniently call 1-800-LENS123 with a current prescription for this value-added service. The Lens 123® contact lens replacement program is endorsed by the industry’s major manufacturers.
- Davis Vision’s Laser Vision Correction program provides substantial discounts on laser vision correction procedures. Members are entitled to savings of up to 25% off usual and customary fees or a 5% discount off a center’s advertised special through a network of preeminent physicians affiliated with Eye Centers of Excellence. (Some centers provide a flat fee equating to these discount levels.) See below for information on finding a participating laser vision provider near you.

Accessing a Provider – Contact a Davis Vision representative at 1-888-897-9347 or simply log on to www.davisvision.com, choose “Find a Provider” and use your control code 2959
